---

As an electrician with over 10 years of experience in the field of laying and maintaining the power transmission network in large enterprises, I have gained big experience in dealing with difficulties of all kinds. I consider all occupational safety conditions extremely important and adhere to them to ensure my own safety and that of others. I wish to develop further my skills and become part of the team of an electricity distribution company, where I will acquire new knowledge.

---

## WORK EXPERIENCE

### Senior Electrician

Apr 2019 - Jul 2023

Military Hospital, Varna

I was responsible for the maintenance of the hospital's electrical system, leading a team of technicians to ensure that there were no power outages. I also was responsible for the proper maintenance and efficient operation of an additional diesel unit which was a backup in case of a central power cut, as the hospital cannot be left without power in such situations.

### Electrician

Jan 2012 - Dec 2018

Eletrouslugi Varna, Varna

My responsibilities included:

- Construction of new electrical installations.
  - Repair of old electrical installations in buildings.
  - Construction of low-current electrical installations.
- 

## EDUCATION

### Bachelor Electrician

Sep 2008 - May 2012

Technical University, Varna
